Safety

The safety of any boat, its fitness to sail and its management ashore and afloat is entirely the responsibility of the persons using it. Regard should be taken of the prevailing conditions and the abilities of all those involved when deciding whether to sail or continue sailing. All craft must provide sufficient buoyancy for all persons on the craft. All persons must in addition wear adequate personal buoyancy when afloat in any craft, on the jetties or near the water edge.

Nothing done by the organisers can reduce the responsibility of those sailing, nor will it make the organisers responsible for any loss, damage, death or personal injury, however it may have occurred, as a result of any person sailing. The organisers encompass everyone helping to run events, and include the organising authority, race committees, race officers and those manning rescue craft.

Although the Club will endeavour to provide rescue facilities during Club racing and certain other organised sessions and events, safety on the water is entirely the responsibility of the persons sailing, (or in the case of children, their parent or guardian.) Members should sail only when a competent person is present and when weather conditions are suitable. Irrespective of their level of competence, members are advised not to sail unless at least one other boat is on the water. Recreational swimming is not allowed.
